

# 1833 80 SERIES

## TELEPHONE ENTRY SYSTEM

Flush Mount

Surface Mount

**Best suited for applications that do not require a directory, or where a separate directory already exist**

- Provides both resident and visitor access control into and within apartment buildings, gated communities, condominiums, office buildings, factories and industrial sites
- Visitors use the phone system to communicate with a resident who can grant or deny access via their own touch-tone telephone
- Resident access control is provided by means of cards, digital PIN codes, or wireless transmitters
- Program from the DKS Cloud (requires DKS connection service subscription) with your laptop or tablet or from your dedicated PC using the Remote Account Manager software (free download at [doorking.com/software](http://doorking.com/software)).
- Voice and data (programming) connection over either Cellular, Ethernet, or copper POTS lines
- 2 year limited factory warranty

**Voice and Remote Programming**  
use DKS service options for connection and programming

### Cellular Connection

A wireless solution for connecting managers and users to access control systems. Voice and data via the AT&T 4G LTE network.

### Internet Connection

A Plug and Play solution that provides both voice and data via your existing internet connection. \*DKS subscription service required

### Modular

easy installation and service

### DKS Cloud Programming

available with DKS Cellular, VoIP Internet or IM Server subscriptions.
